

e-FISCAL Summer Workshop
Samos, 3 July 2012

e-FISCAL workshop conclusions

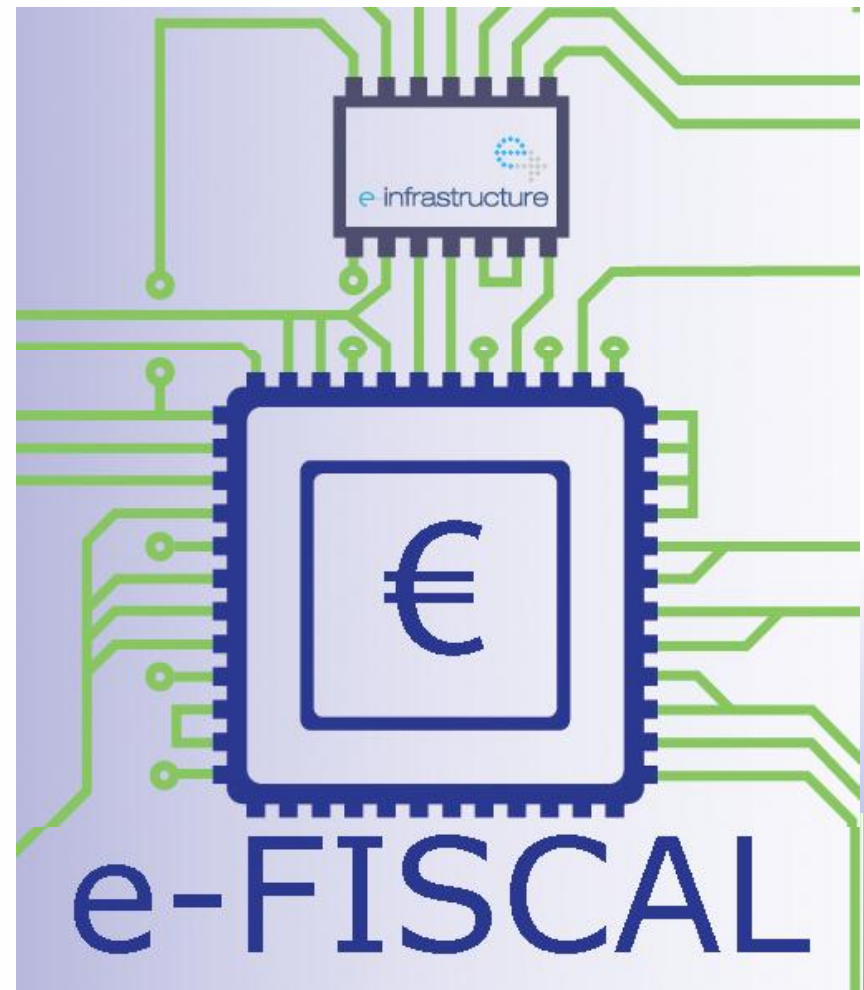

Fotis Karagiannis

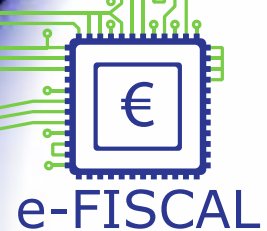

Financial Study for Sustainable Computing e-Infrastructures

It's all about understanding the costs of computing e-Infrastructure providers (HPC/HTC centres) ...and comparing with clouds!

e-FISCAL@ Samos

- Presented the initial findings of the project
 - State of the art review
 - Surveying HPC/HTC centers and initial results
 - Benchmarking
- Get feedback from workshop participants
- **Create an open community of financial experts**
 - Contribute to the sustainability planning of the e-Infrastructures in the Horizon 2020 era and beyond
- Findings available at www.efiscal.eu/deliverables
- Presentations to be uploaded at www.efiscal.eu/agenda
